

Report on one day workshop on
“Applications of Biotechnology in Animal Husbandry for the Upliftment of Rural Economy”

One day workshop on “Applications of Biotechnology in Animal Husbandry for the Upliftment of Rural Economy” was organized by Institutional Biotech Hub in collaboration with NSS, Unit of Namrup College on 8th January 2019 from 9.00 am onwards.

The programme was started with the registration processes of participants and total 77 people were registered. Subsequently workshop was started with an inaugural speech of Principal i/c, Mr. Atul Gogoi. Welcome address was delivered by Mr. Kalyan Gogoi, Programme Officer, NSS Unit, Namrup College. Then programme was proceeded with a talk on the topic “Ancillary activities and its importance in higher education” by Dr. D. P. Gogoi, Coordinator, IQAC.

The main technical session of invited resource person was started at 10.50 am and session was delivered by Mr. Dipen Baruah, one of the Young Entrepreneur of this locality. He has highlighted mainly rearing of birds like quill, hen, duck, and some other recent hybrid variety introduce in poultry sector. He has shared his experience and commercial benefit from his own farm and given valuable technical ideas how to start and enlarge this employment generation activity for commercial purpose.

Maximum participants present in the workshop were interacted with the resource person and they clear their doubt on the subject.

Programme was ended at 2.00 pm with a vote of thanks of Jayanta Sonowal, Coordinator, IBt-Hub, Namrup College.

Outcomes of the workshop: Workshop was organized to develop the skills required in management of poultry farming. Participants were able to understand the scope of animal husbandry, its opportunity towards employment generation besides learning the technical skills for animal husbandry mainly poultry management. We hope that this workshop will enhance the interest and regenerate poultry farmer in this area.
