

**Report on**  
**Parents-Teachers Meet**  
**Department of Botany, Namrup College**

On 8<sup>th</sup> March, 2021 a Parents-Teachers Meet was organized by the Department Of Botany in the Conference room from 12:00 Noon. A total of 8 parents, 4 faculties, one staff and 9 major students were present in the meeting.

The meeting was presided by Mr. Bimal Ch. Gogoi, Principal i/c and Head of Department of Botany. As per agenda, Mr. Jayanta Sonowal (Assistant Professor, Botany) has read out the objective of the meeting. Mr. Bimal Ch. Gogoi has delivered welcome and inaugural speech. In his inaugural speech, he highlighted the major drawback of the students towards learning attitude in the college hours. From his long service experience he told that many students come to college at right time but are not willing to attend the classes. Some students are roaming outside the college campus without the knowledge of parents and college authority. Although college has provided available facilities for learning but due to lack of adequate interest of the students, the entire teaching-learning process are hampered. Therefore, he requested to all the parents to look the matter seriously to make their children successful in future. Joint effort from both the parent and teacher can make their life prosperous. So, he seek cordial response from all the parents.

Speech from Mr. Jayanta Sonowal: He appealed to all the parents to extend their co-operation hands towards the betterment of teaching-learning outcome. He further said that every students have their inner talents and college is the best platform to expose it. Whatever talent they have seen among their students, they try to explore them, but there are some students who always try to escape from it, in such circumstances he requested the parents to help them for the betterment of their children. He also asked all kinds of supports from the parents to achieve the goal of patents, students, teachers and college.

Speech from parents: Some parents namely Mr. Michal Bara, Mr. Gagan Karmakar and Ms. Nayanmoni Borah delivered very impressive speech for the students and also gave gratitude to

the department for organizing such meeting. They also asked to organize such more meeting in future to shape the future of their children.

At the end of the meeting, Parents-Teachers Association of Botany Department was formed. The selected members of the association were listed below:

President: Mr. Gagan Karmakar (Parent)
