

Awareness programme on the prevention and spread of Corona Virus (COVID-19)

In the recent outbreak of Corona Virus globally and to secure our place from its attract , an awareness programme on the prevention and spread of Corona Virus (Covid -19) was organized by the IQAC Namrup College started from 18th march 2020 to 25th march 2020.

Objective:-To create awareness and educate the students of our college, faculty, staff and local community regarding preventive intervention techniques that would help in reducing the transmission of the disease.

Highlights of the programme :-

1. First awareness session was conducted for the students and people of the neighboring areas. Faculty of our college meet the people in the local place and speak about the disease .Also they suggest them how to save themselves by adopting proper measures.
2. Second awareness session was conducted by our faculty through display poster in front of shop, weekly market, bank and other public places. In this session, our faculty also distributed pamphlets to the local people.
3. Third awareness session was conducted for the member of the chairman office of the Namrup Municipal Board. Our faculty advice the chairman for adoption of proper measures like sanitization of the local market, distribution of soap, marks to the needy person etc.
4. Forth awareness session was related to door to door programme. Our Faculty tries to create awareness among the people about the disease by knocking their door.

Outcome of the programme :-

The students, staff and local community people were sensitized about the spread of Corona Virus and its prevention. Around 200-300 pamphlets were distributed and posters were displayed in the local places. This is an evolving situation and timely and accurate information is critical. Educating students, local people about positive prevention measures, talking to them about their fears and giving them a sense of some control over risk of infection helped in reducing their anxiety. The faculty of Namrup College put sincere efforts in creating awareness on the deadly disease.
