

NAMRUP COLLEGE
P.O. PARBATPUR, DIST: DIBRUGARH
ASSAM -786623

Institutional Distinctiveness
Academic Year 2019- 2020

The institution has a vision of empowering quality education. Quality education empowers students to develop their attributes and skills to achieve their potential as human beings that will provide foundation for equity in society.

Namrup College is dedicated to provide universal education to its students. However, teaching and learning remain our primary concern, and therefore, the College authorities and teaching staffs are working hard in order to make continuous upgradation and improvement in this area. To provide quality education to the students all faculty members keep themselves up dated and up graded by attending FDP, conferences, seminars and workshops from time to time. Student's feedback system is adopted that allows the students to freely share their individual views about the teaching techniques and classroom environment to improve the teaching and learning experience. Students are also encouraged to take part in wall magazine competition and seminar presentation which urges them to acquire in-depth knowledge on relevant topics.

To provide all round development to the students they are encourage to take participate in sports as well as yoga and cultural activities. To create students a good citizenship they are encourage to participate in extension work through different bodies like NSS, NCC. These activities are being organized and supported by NSS cell of the institution.

Institution actions to train a strong sense of discipline in its functioning to ensure students build high levels of commitments. Discipline is implemented by Principal and Anti-tobacco Cell with emphasis on maintaining attendance, abiding by dress code and making the campus tobacco free zone.

There are endless and persistent efforts by institution to promote extensiveness not only for the students but for the stakeholders as well. The nature care and environmental awareness is being promoted by Botanical society of the college. In this regards tree plantation in the college campus as well as in the adopted villages is carried out by the college authority with the primary objective towards environmental consciousness. More social outreach activities like blood donation camp is conducted by NSS cell of the institution. The institution also contributes towards women empowerment by organizing various activities like one month course on tailoring under the guidance of Women Development Committee.
