

A report on Swachh Bharat Abhiyan
Organized by NSS unit, Namrup College
On 18th of February, 2021

In today's world of ever-growing pollution and extensive increase of diseases, remaining Swachhata or clean is an important precondition for a healthy life. The govt. has launched swachhata mission such as Swachh Bharat Abhiyan. To fulfill the swachhata objectives (Swachh Bharat Abhiyan), NSS unit, Namrup College organized a cleaning drive on 18th of February, 2021 in Dilli Ghat with the help of volunteers, Mr. Kalyan Gogoi (Programme Officer & Assistant professor, Department of Political Science, Namrup College), Mr. Sajidur Rahman (Assistant Programme Officer & Assistant professor, Department of Zoology, Namrup College) and Mr. Pankaj Borah (Assistant professor, Department of Mathematics, Namrup College). Dilli Ghat is a popular picnic situated on the bank of river Dilli but due to unawareness and activities of the people come here for amusement, this place becomes a dumping ground of remains of picnic. So NSS unit, Namrup College went there on that day to carry out a cleanliness drive. A group of 26 NSS volunteers reached the place at about 10am and program started with a short speech from Programme Officer, Mr. Kalyan Gogoi. All the volunteers worked very hard and tried their best to clean this place. This drive was continued for 4 hours and then they had their lunch. It was concluded with vote of thanks and an inspirational speech by Mr. Kalyan Gogoi.
