

### Report on three days' Workshop on Research Methodology

A three days workshop on "Research Methodology" was organized by Institutional Biotech Hub in collaboration with Department of Zoology and Botany of Namrup College from 26 to 28<sup>th</sup> June 2018.

Day wise activity are briefly explained in following –

#### Day 1: 26-06-2018

The session was started at 9.30 am by Principal i/c, Atul Gogoi and ceremony of lightening of inaugural lamp was initiated by him. The programme was preceded with an inaugural speech by Dr. Durga Prasad Godoi, Coordinator, IQAC, Namrup College. Then first technical session on "Introduction to Research Methodology and Literature Review" was at 10.00 am by Dr. Durga Prasad Gogoi. Second Technical session on "Sampling Methods & Data Collection" was started at 1.30 pm onwards. This session was taken by Jayanta Sonowal, Assistant Professor, Department of Botany, Namrup College.

#### Day 2: 27-06-2018

Second day (technical session III) was started at 10.00 am on the topic "Methodology of Research and Data Analysis" and session was delivered by Rupak Kr. Borgohain, Assistant Professor, Department of Sociology, Namrup College. The Technical Session IV on the topic "Research Ethic and Reference Writing" was shared by H. H. Singh, Associate Professor, Department of Zoology, Namrup College.

#### Day 3: 28-06-2018

The technical session V of the day third was started at 10.00 am on the topic "Preparation of Research Paper and Project" and session was delivered by Jayanta Sonowal, Assistant Professor, Namrup College. The last technical session on "Research communication and IPR" was shared by Rupak Kr. Borgohain.

#### Valedictory session

Valedictory session was started at 2.30 pm and in this session HODs of Botany and Zoology departments were participated to sum up the entire three days workshop. A total of 31 6<sup>th</sup> semester students from both arts and science departments were joined in the programme.

#### Outcomes of the workshop

In the interaction session they have given very good feedback in all aspects of the workshop. They expressed that they are able to define what research is and will be able to apply the knowledge in various aspects of research in future.

The three days long workshop was organized to give basic knowledge and skills on various aspects of basic research need to tackle their students' projects as well as ideas in the research field. Workshop was quite successful and we hope that this workshop will develop the research interest of the students.
